REPORT OF BISHOP THOBURN.

Natives by Thousands Giving Up Their Idols—One Conference Doubled and Another Quadrupled in Four Years. Gratifying Progress of the Educational Work Under Dr. Payne.

OMAHA, May 7.—Bishop Mallalien presided at the morning session of the

Methodist Episcopal general conference yesterday.

Rev. William Curt, of the Italian mission, officiated in the devotional exercises. Over an hour was spent in reading the minutes and itemizing the many resolutions, appeals and memorials of the previous day. The records were finally fixed up to the satisfaction of all present and approved of by the conference.

The action of President Harrison in signing the Chinese exclusion act within a few hours of its delivery to him was severely criticized by the delegates.

Several delegates absent thus far in the conference arrived and answered to roll call.

Dr. Neeley, of Philadelphia, presented the conference with a very handsome record of the work of the constitution commission.

The order of the day was taken up at 10:30, being the report of Bishop Thoburn, of India and Malaysia.

When he appeared on the platform to read his report he was greeted with applause, which lasted several minutes.

The Methodist church he said, was teaching the gospel in India and Malaysia in thirteen different languages. Bishop Thoburn's report gave a detailed account of the work done in the three annual conferences, the district conferences and the woman's conferences in India.

It stated that the work in India was in excellent condition, but the need was great. The working force from America had fallen off some but the work had continued to grow.

The membership had increased nearly 30,000 during the quadrennial. Bengal conference had doubled and North India conference quadrupled since 1888. The Methodist Sunday schools in India now have a membership of over 55,000, an increase of 15,000 during the four years past.

In the day schools the church had 20,000 native pupils of India. People thousands were giving up their idols and the native ministry was rapidly increasing both in numbers and efficiency.

The report warmly commended the work of women in the missions of India. The church has established three publishing houses and is sending out pamphlets and periodicals in nine different languages from its own presses. The report recommended that there be five conferences organized instead of three. The conferences are too large at present, compelling some of the ministers to travel 2,000 or 3,000 miles to attend them. The report urged the necessity of enlarging upon the work.

"The day of small things is past," said the bishop. "We must take up the work before us and carry practically the responsibilities laid upon us. We do not know what may happen to-morrow, but we do know that the sun never sets in the morning. It is just morning in India. Let us be up and doing while the daylight lasts."

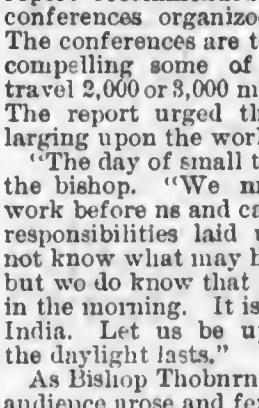

As Bishop Thoburn took his seat, the audience arose and fervently sang, "The Morning Light is breaking."

Secretary Payne's Report.

The quadrennial report of the board of education, Dr. C. H. Payne, corresponding secretary, was presented and referred to the committee on education. The report gives evidences of the efficiency and ability of the board, and especially is this true of the secretary. It will be remembered that Dr. Payne was elected to this position at the general conference in New York four years ago. The advance the church has made in the educational work proves the wisdom of his election to this office. He has done much to arouse the church to the demands of the times and to the importance of looking to the instruction of the young people. This board represents 197 institutions of learning, many of them of high grade. Of this number seventy-five are in foreign fields.

There are in these various institutions over 40,000 students with 2,343 instructors. There are 5,895 pupils in the seventy-five foreign schools. The total income and gifts of all kinds for all the institutions for the last school year reported is \$2,302,704.49, a net cost per student of \$38.62 for running the educational machinery of the church. The school property, including endowments, exclusive of all debts stands at \$26,022,363. This shows a gain of \$5,543,085, or 27 per cent in the last four years. The total number of students aided by this board is 4,100, about three-fourths of whom were educated for the ministry. The number aided last year was 1,103, representing twenty-two nationalities.

The call of the church is loud and earnest for educated ministers and teachers. Not less than 1,000 men were sent out

from these schools to supply the demand of the pulpit last year. There are 1,597 now in these schools preparing for the ministry. Dr. Payne has been abundant in labors; besides the immense correspondence incumbent upon the office, he has traveled over 100,000 miles, addressed 128 annual conferences, besides visiting and addressing a large number of the colleges and universities.

The conference then adjourned for the day.

There has been a lively contest in the organization of the Temperance committee. Among those who desired to be chairman, Rev. J. G. Evans, of Illinois; Professor W. F. Whitlock, of Ohio; Dr. A. J. Kynett, of Philadelphia, and Rev. H. E. Pendleton, of Kansas, were the most active. Rev. J. G. Evans secured the election by a majority of two votes.

THE BRAVE YBARRA.

His Wife a Boston Woman and That May Save His Life.

NEW YORK, May 7.—The Herald's Venezuela cable advices are to the effect that shots were exchanged Wednesday between a government picket guard and a reconnoitering party of armed herosmen attached to General Guerra's division of insurgents. The picket retired in quick order, and left one dead.

The seizure of a vessel sailing from Hamburg lately with arms for the insurgents has caused a delay in the operations against the government forces. General Mora was ordered a week ago to move upon Valencia, but two days after receiving the orders from Crespo's camp another Indian runner arrived with instructions to hold back, wait for Arango and make no attack until advised to do so.

General Ybarra, who holds Valencia, has attempted several sorties, but his troops have been driven back into the city every time. The last reverse which he met with was on May 1. He tried to send a detachment several miles north and surprise one of Mora's camps. His troops were all mounted and numbered about 400 men. Ybarra was not in command. His cavalry rode straight into an ambush, where they were surrounded by nearly 700 of the enemy. They cut their way out, but left nearly a quarter of their number behind as killed and wounded. The retreating cavalry was not pursued.

There seems to be a matter of sentiment about the delay in closing in upon Valencia.

Alejandro Ybarra, who is called "The Schoolmaster" by the Venezuelans, is married to an American woman, who was a Miss Russell, of Boston. Her father was minister to Venezuela when she was married. General Ybarra was at one time a teacher in Caracas, hence the sobriquet of "The Schoolmaster."

He is a fine-looking young man and while he has the appearance of a stage soldier, he has the record of being a fighter.

General Crespo esteems Mrs. Ybarra highly. She has been on very good terms with Mrs. Crespo. For her sake, probably, the taking of Valencia has been retarded; for it is said that she begged Crespo in the event of Ybarra's fall to save his life. General Crespo knows that the blacks under Mora could hardly be restrained by their commander, and the capture of Ybarra might mean his death.

There is great activity about Victoria, but Crespo is playing a waiting game. Mystery still surrounds the fate of Casanas.

A SHOWER OF FISH.

An Unusual Downpour in and About Forest City, Pa.

SCRANTON, Pa., May 7.—In a heavy rainstorm at Forest City, near here, fishes fell from the clouds, and citizens gathered them up by the handful. They were from three to four inches long and of the species known as the devil-fish or "stonewallers."

J. C. Bell, a hotel man, found a number in a small pool of water. They were kept in water and are still alive. Editor John M. Brown, of The News, and Mr. T. J. Pentecost, a merchant, in order to make sure that the fishes came from the clouds, went out on a roof and found four fishes there.

It has been suggested that the fish were caught up in the whirl of the storm and carried along and dropped when the heavy downpour overcame the current of air in which they were floating.

Burned to Death.

GALLIPOLIS, O., May 7.—Mrs. June Richards met with a horrible death Friday morning at Radcliffe, a hamlet sixteen miles north of here. In attempting to throw some old grapevines on a fire which she had ignited in the garden, her dress caught fire, and before assistance could be rendered her clothing was burned from her body. Mrs. Richards' screams, and she ran to her assistance. She was carried into the house and died before medical aid arrived. Mr. Richards was in this city to lay some farming implement, and received the sad news just as he was about to board a Hocking Valley freight train for his home. Mrs. Richards was forty-three years old.

No Truth in the Report.

NEW YORK, May 7.—Thomas C. Platt informed a United Press representative that there is no truth in the report that the anti-Harrison members of the New York delegation to the Minneapolis convention had agreed to support John Sherman for president.

QUEER FREAKS OF LIGHTNING.

A Residence Shattered, But the Inmate Escaped Unhurt.

BRAZIL, Ind., May 7.—During Thursday night's severe storm lightning played a peculiar freak at the home of John Bolin, near Hoosiersville. The electric current went down the chimney and shattered the mantelpiece, scattering the pieces in all directions. It next struck the bed in which Mr. Bolin and his little granddaughter were sleeping.

The bedstead was broken into a thousand pieces, while the feather-tick was set on fire. The occupants escaped alive. Mr. Bolin was severely shocked, but the only mark on his body was a small blister on the end of the little finger on the right hand. The little granddaughter's left arm was badly burned. The bolt then passed out of the window, cutting the ropes of the well and dropping the buckets. It also struck the gate, cutting it squarely in two.

Police Appealed To.

ANDERSON, Ind., May 7.—At 12 o'clock Thursday night a large force of men under Roadmaster Bickett, of the Pullman, were set to work to put in a crossing of the Anderson Belt railway over the Chicago and Southeastern road. Superintendent Moore was informed of what was going on. He had an engine fired up and, with some men, started to the scene. One hundred yards before reaching the place the train was wrecked by a rail having been removed, and Charlie Donovan, the fireman, was injured. Before the wreck could be removed the crossing was in. Superintendent Moore declares he will chain it to locomotives and tear it out. The police have been appealed to.

Mangled Body Identified.

INDIANAPOLIS, May 7.—The mangled remains of a man were found in the freight depot of the Pennsylvania railroad yesterday, being so cut and bruised as to be unrecognizable. From papers on his person the deceased was identified as John Walters, of this city, a conductor on the Toledo, Kansas City and St. Louis railroad. He had been home on a visit and intended leaving for St. Louis Thursday night. How the remains came to be in the depot is a mystery, but it is supposed that he attempted to reach the Union station by going down the tracks and was struck by a train and carried into the freight depot.

Bees Provided with a Lantern.

COATESVILLE, Ind., May 7.—Enoch Etchason, of Teno, in the employ of Davis & Masten millers, at this place, last summer conceived the idea that lightning bugs and honey bees were of the same general species and that they could be effectively crossed. He employed boys at Coatesville and Reno to catch the former, paying them ten cents per hundred. Now he claims the crossing has proven successful, and that he is reaping a rich harvest by his bees working at night and furnishing their own light. He claims that they make more and much better honey, as they get the flowers while the dew is on.

Is All Right.

CINCINNATI, May 7.—T. J. Smith, supreme secretary of the Knights of the Golden Rule, says the charges that that order is in bad shape, originally with disgruntled members driven from the order in former times. The cause of deferred payment of death benefits is the unhealthy season just passed, and all will be paid during the summer. This withdrawal of the St. Louis lodges was due to local troubles. He thinks the order in good shape for future growth.

Spiritual Devotions Disturbed.

HOLLIDAYSBURG, Pa., May 7.—The spiritual devotions at the Salvation Army hall in this city last night were interrupted, and the worshippers panic-stricken by a man rushing forward from the rear, mounting the stage and endeavoring to murder Captain David Mains with a dirk knife. Several persons were knocked down in the melee, and the man's arrest was only effected after a lively tussle with the officer. The man was frenzied by drink.

Diphtheria on the Increase.

COLUMBUS, O., May 7.—Diphtheria is reported to exist in Fulton county, near Metamora, and because the legislature did not pass the bill providing for boards of health in townships outside of incorporated villages, nothing can be done to isolate it. It is noted by the state board of health that diphtheria is on the increase in rural districts while it is diminishing in cities, all of which have boards of health.

Will Contest the Election.

WABASH, Ind., May 7.—Hale Ellis, republican candidate for marshal, at the recent city election, who was defeated by a majority of 3 by Michael Shanahan, will probably contest Shanahan's election. It is claimed that in one precinct in the Second ward enough republican ballots were thrown out for trifling informalities to give Ellis a majority of 3.

Sealed the Prison Wall.

JEFFERSONVILLE, Ind., May 7.—James Russell, of Vigo county, and Jacob Mason, a Fayette county convict, escaped from the penitentiary by scaling the southwest wall near No. 2 tower. The prisoners were doing night work in the enameling room at the time. They are still at large.

Arrested for Murder.

BRYAN, O., May 7.—George and Michael Burchell, brothers, have been arrested for the murder of Arthur Brown, whose dead body was found Thursday morning with the pockets rifled.

Van Loon Sentenced.

OTTAWA, O., May 7.—A motion for a new trial for Van Loon was overruled and he was sentenced to be hanged on Nov. 2. Van Loon predicts a hell on earth for those who convicted him.

GONE UP IN FLAMES.

One of New York's Slaughter Houses Burned.

LOSS NEARLY ONE MILLION.

An Entire Block of Buildings Destroyed in a Few Hours—A Pier on Fire and the Vessel Lying Near the Docks Endangered—Several Firemen Injured.

NEW YORK, May 7.—At 2 o'clock yesterday morning fire was discovered in the immense slaughter house of Swartz child & Sulsberger, wholesale butcher at Forty-fifth street and East river.

Despite the firemen the flames gained rapid headway until they enveloped the great three story structure which runs from Forty-fifth to Forty-sixth street and extends to the river. In this building there were large quantities of inflammable matter which fed the flame, to such an extent that by 2:30 o'clock the whole block was in flames.

Fortunately the night was calm, otherwise the shipping in the vicinity must have suffered. The fire during its progress reached the lard tanks, when a terrific explosion occurred, quickly followed by four others, which shook the adjoining buildings almost to their center.

By 3:30 o'clock the fire covered a space of 200 by 300 feet, and at that hour it was estimated that already \$250,000 worth of property had been destroyed.

At 3:25 o'clock the pier at the foot of Forty-fifth street caught fire. The flames ran along the wharves until they were burning all the way to Forty-seventh street. Vessels anchored near the docks were quickly towed out into the stream.

There was a strike of the slaughter house hands early in the evening, and the firm fearing that there might be some trouble, applied to the police authorities, who, in response, sent the reserves of the East Fifty-first Street station to protect their works. The strikers, who were mostly Hebrews and numbered about twenty-five, made no demonstration against the other men, however. They quit work, they said, because they were refused regular hours and one day off every week. They had been compelled to work from twelve to fifteen hours a day, for which they were paid \$11 per week.

The belief is general that the fire was the work of incendiaries. The police have already begun an investigation into the circumstances attending the fire, and it is said are working on the theory that the strikers who left work last evening had something to do with setting the place on fire.

The slaughter house people occupy two blocks from Forty-fifth street to Forty-seventh, from First avenue to the river, and in addition have a large new building on the river front between Forty-fourth and Forty-fifth streets.

On Thursday night 527 head of cattle were brought to the slaughter house. They were valued at \$100 per head. The smoke worked its way into the pens where the animals were. Their bellowing could be heard blocks away. It was with the greatest difficulty that the herd was gotten into the street, where they rushed hither and thither, infuriated by the flying sparks which fell upon them. By this time the streets in the vicinity of the fire were crowded and many had narrow escapes from being trampled by the infuriated animals. They were finally driven into a vacant lot near by.

The flames raged fiercest in the canning department building, where were stored about \$100,000 worth of canned beef, besides large quantities of bologna. In the cellar beneath as well as under the buildings down to the river were stored 4,000 hogheads of stearine, all of which was destroyed.

Superintendent Madden in speaking of the loss said: "I think without any doubt the loss will foot up nearly a million dollars. The material which was stored in the cellars was very valuable. It was insured."

The concern employs about 450 men, women and children, about one hundred of whom work at night.

Police Captain Reilly, after an investigation, said there was every reason to believe the fire was of accidental origin and that it started in the fat house. He was convinced that the strikers had nothing to do with the fire. Fire Chief Bonny shares in the opinion.

Several firemen received slight injuries.

THE SANTA FE WRECK.

No More Deaths from the Disaster Near Rovere, Missouri.

FORT MADISON, Ia., May 7.—Advices have been received from the relatives of the seven people killed in the Santa Fe wreck, near Rovere, Mo., Thursday morning, and the embalmed bodies have been shipped accordingly. Fifteen of the slightly injured who remained in the hospital here over night left the city.

Claims for damages of all those who have left the city were settled before they departed. Of the number now in the hospital here, but two are badly injured—Cladio Beal having an injured back and Robert Schmitz having a broken arm. All others will be discharged within a day or two. It will be some days before the bridge will be rebuilt.

An Unsafe Bridge.

PEORIA, Ills., May 7.—Fifty miles west of this city, on the western division of the Toledo, Peoria and Western railroad, a bridge is under water and supposed to be unsafe. Trains have been stopped and an investigation is being made. It was reported several people were drowned in an accident at the bridge but the officials report there was no accident and no one hurt.

TRONDUE MYPHILLIPOENATRASIAMEMENTO!

WE HAVE employed two men and a boy to undertake the journey to the end of the above word and bring the pronunciation of it back to us in sections. We cannot hope to ever again see the men, though the boy may return a grayhaired man. This serves as an illustration of the difficulty arising from the employment of elongated phraseological expressions. No, we should never use swell words. The simplest form of speech is always best. Like the lessons in reading, for instance, we first learned in the primer thus: "Do you see the cat?" "The cat hears a rat." "If the cat could speak it would say 'rats'." When we speak we should use the simplest words and call things by their correct names thus: We should call a spade a spade and not an "agricultural implement." Do not say: "I desire you to display before my visual organs, in duplicate, envelopes for my pedal extremities," but say, "I want to look at a pair of shoes." Then come to our house and we will show them to you—more than can be seen in any retail Shoe House in the Ohio Valley. We sell better qualities for the money than any house in the country. We have the most immense Spring Stock ever on the market. We will save you twenty-five cents on the dollar on all goods bought from us. We guarantee all our sales. Come and see us. MICHIGAN Democrats have declared for "Cleveland and victory," and the Wisconsin and Vermont brethren have followed suit.

The Chinese Exclusion bill has been signed by the President. Our neighbor up the street jumped on the Democratic House for passing a measure of this character a few days ago, but Mr. Harrison's approval of the act will probably make the matter all right with our esteemed contemporary.

Prohibitive Tax.
To the good people of Maysville and vicinity: The ordinance passed by the City Council Thursday night concerning "spectacles peddlers" is an extreme measure, and prohibitive in its character. I do not feel like paying the high license it requires, and do not intend to lay myself liable to the penalty. There is but one way left for me to accommodate my kind friends and patrons in Maysville and vicinity. Hereafter my office will be at the Mineral Well House, Aberdeen, where parties needing eye glasses or desiring to consult me in regard to any defect of vision, can find me for the next two weeks. Ferriage to and from Aberdeen will be paid by me.

Your accomplished civil engineer, W. C. Pelham, is out this week with his transit and engineer's chain striking the levels of the new pike—Shannon and Forman's Chapel. Friday, the representatives of the County Court, "Squires" Owens and Wells, were out to review and locate the road.

Mrs. Mary Eckman, of the Olivet Normal School, was here calling on her old friends Saturday last. The BULLETIN representative dined with Mr. and Mrs. J. H. Grigsby, Jr., at "Canary Cottage," Sunday, May 1st. Their cozy home has been refitted and refurbished throughout in elegant style. At 1:30, with the new housekeepers, we partook of the delicacies of the spring season, and whiled away the afternoon in the enjoyment of some choice music from the accomplished hostess.

Your courteous Springdale correspondent is informed that the "Desha Valley" reporter will accept the kind invitation sent through the BULLETIN, and will visit that famous locality during the fishing, strawberry or watermelon seasons. If we can take the popular evangelist, Elder Tom Paine Degman, as a specimen of Springdale's good citizenship, we know we shall have a good time. "Squire" Grigsby has already asked to bear its company.

A gay party, disciples of Isaac Walton of hook and line memory, will leave this place for the shady banks of Kinnikinnick, under the eleventhship of Judge Ball on Monday next. The party is composed of our leading young society men—Wood Browning, Charlie Tomlin, J. B. Grigsby and James L. Pyles. The Mullikin Orchestra will accompany them. They travel in a covered spring furniture car, and carry their own bait and music.

The M. E. Church had a pleasant and edifying visitation the came in place of the Presiding Elder from Rev. Cyrus Riddle, one of your resident ministers, from Friday to Monday last. We took in his Sunday's discourse, and it was a good one, based on Psalmv: 11, in which the preacher drew a very striking parallel between the scriptural poet David and the stoic philosopher Zeno. He believed in David's doctrine: "Let all those that put their trust in Thee rejoice: let them ever shout for joy."

BARBERING ON SUNDAY.

A Bill to Prohibit it Introduced in the Legislature—Doings of the State Salons.

In the lower House of the Legislature yesterday, Mr. McInerney introduced a bill to prohibit barbering on Sunday in this Commonwealth. It was referred to the Committee on Immigration and Labor.

Whitaker, of Covington, introduced a bill relating to Circuit Court, in counties having a population of less than 150,000 and which constitute separate judicial districts. He also introduced a bill to amend the act incorporating the Agricultural and Mechanical College of Kentucky and providing for further management thereof.

Messrs. Myers and McInerney presented petitions from building and loan associations protesting against the passage of the McChord bill.

The bill to provide for the conduct of all public business by standard or railroad time has been reported favorably.

The Committee on Agriculture and Manufacture reported adversely Mr. Sharp's bill to prevent the poisoning of tobacco as a means of killing worms. The bill was refused its second reading.

The House by a vote of fifty-five to twenty-two adopted the resolution to allow Mrs. Young the salary of her husband, the late Judge Young, up to the 1st of next September. It had already passed the Senate.

The House has fixed the license of retail cigarette dealers at \$300 a year.

Dr. Frazee's substitute for the article in the Revenue bill concerning the assessment of distilled spirits was adopted by the House. The substitute is substantially the same as the old law, one important change being a section requiring the County Attorneys to see that county taxes on the spirits are duly collected. Another makes it the duty of the State Railroad Commissioners to assess the values instead of the Auditor.

Dr. Frazee presented a petition from members of the Mason County Bar protesting against the formation of three judicial districts in those sections reported as follows, on the ground of inequality in population:

Mason, Bracken, Lewis, Greenup, Fleming; Pendleton, Harrison, Robertson, Nicholas; Montgomery, Bath, Rowan, Menifee. The point is that this district as the bill now stands is too large as compared with the others.

A statement from the Auditor gives the official incidental expenses of the State Department, including fuel, gas, ice, stationery, etc., from March 1, 1890, to March 1, 1892, as follows: Adjutant General's office, \$1,591; Agricultural Commissioner, \$87; Attorney General, \$927; Auditor's office, \$4,151; Court of Appeals, \$59; Clerk Court of Appeals, \$1,153; Executive office, \$4,203; Executive Mansion, \$6,279; Public offices, \$7,640; Geological Survey, \$10,413; Inspector of Mines, \$2,393; Land office, \$220; Librarian, \$4,093; Public Buildings, \$7,704; Penitentiary, \$1,522; Railroad Commission, \$4,532; Superior Court, \$55; Superintendent of Public Instruction, \$10,428; Treasurer, \$732; State Inspector, \$417.

Opportunity of Your Life.

For the next thirty days you can get monuments, tombstones and anything else in my line at a reduction of from 20 to 25 per cent. This is done to make room for an immense stock of goods that will arrive in a few weeks. This is no blow, but the reduction is an actual fact. Call and see my stock whether you wish to buy or not.

LADIES are invited to attend the summer display of trimmed hats and bonnets, at Miss Niland's, on Monday and Tuesday, May 9th and 10th.

ALL the pool room crowd at Covington have been indicted for maintaining a nuisance. If the Commonwealth wins, the fines, it is said, will amount to \$50,000.

THE complete out-fit of the Sentinel Democrat was destroyed by the recent fire at Mt. Sterling. The loss is placed at \$12,000, while the insurance was only \$5,000.

W. J. CARSON, of Bellevue, was cleaning a gun yesterday when it went off and fatally wounded his wife who was seated near. Same old story. He didn't know it was loaded.

WHEN you start out to select a wedding present for a friend, don't fail to call at Ballenger's jewelry store. He has an elegant lot of solid silverware and other articles very appropriate for such gifts.

CORNELIUS VANDERBILT, Chancey M. Depew and John Hone, of New York, John Dekoven, of Chicago, and M. E. Ingalls, of the Big Four and C. and O., were the railway magnates who passed East on the special train yesterday.

THE many friends of Mr. W. C. Pennywitt, formerly editor of the Maysville Republican, but now of the Treasury Department, Washington, D. C., will regret to learn that his health is very much impaired. He has been a sufferer for some time from ulcer of the stomach.

MR. FRANK A. MANNEN, of West Superior, Wis., has the thanks of the BULLETIN for a copy of the "Third Annual Report of the City Statistician of the City of Superior." It is handsomely illustrated with photo engravings of the principal hotels, business houses and industrial enterprises, and furnishes flattering statistics as to the commerce of Superior and the Sault canal.

CONGRESS.

Proceedings of Both the House and Senate.

WASHINGTON, May 7.—The usual order for considering private bills on Friday was set aside yesterday and the house continued the discussion of the river and harbor bill. The debate was entirely without interest save that Mr. Reed lectured Mr. Holman in a mild way for alleged inconsistency in posing as a reformer and economist, yet supporting everything which pertained to his own district or state. Pending action on the bill, the house took a recess until 8 o'clock, the evening session to be devoted to private pension bills.

At the evening session pension legislation was discussed, but without action on any of the bills. At 10:30 the house adjourned.

The renewal of the powder storage boats from New York harbor and the Choctaw Indian appropriation were the only subjects discussed in the senate, the balance of the session being devoted to memorial enticements over the late Senator Wilson, of Maryland.

Murder at a Wake.

WAYNESBURG, Pa., May 7.—News has just reached here of a tragedy that occurred in Allepo township Wednesday night. Jacob Miller cut the throat of Jacob Bosworth. The tragedy occurred at a wake at the house of a man named Tedrow. Miller surprised Bosworth and Mrs. Miller in a room together at the house and cut Bosworth's throat, the latter dying yesterday. Mrs. Miller's reputation was not very good before she married Miller. Miller has not yet been arrested.

Got but Little Booty.

WABASH, Ind., May 7.—Burglars Thursday night entered the general store of O. L. Moore, at Rich Valley, this county, put a big charge of powder into a hole drilled in the safe and blew the door off. There was but little money in the iron box, however, and this the cracksmen appropriated. This is the third safe-blowing that has occurred in the county in the past three weeks, and it is believed that a regular gang of crooks is operating in this vicinity.

Double Hanging.

ST. LOUIS, May 7.—A special to The Post-Dispatch from Little Rock, says: L. D. Slaughter and Tom Bailey were hanged at noon yesterday. Both executions took place at same time and on the same gallows. The men were negroes. Slaughter murdered his mistress in a fit of jealous rage in June, 1891. Bailey shot and killed a peddler from Jacksonville, Ills., afterwards robbing the body. The executions were perfect.

Arkansas Prohibitionists.

LITTLE ROCK, May 7.—The Prohibition convention concluded its business by nominating Judge W. J. Nelson, of Rogers, Benton county, for governor, and left in the hands of the central committee the power and discretion to nominate candidates for other state offices as they shall deem best. The convention also nominated delegates to the national convention at Cincinnati and a full set of presidential electors for the state.

Killed by Lightning.

CHESTER, Pa., May 7.—During a severe thunderstorm that prevailed yesterday afternoon Julius Tuprewn, a German, residing at Norwood, was struck by lightning and instantly killed. He was driving along the road, accompanied by two friends and his wife. One of the men was severely burned on the arm and the horse was instantly killed.

Unknown Man Killed by Cars.

NORWALK, O., May 7.—A strange man's body was found at Woodlawn crossing on the Wheeling and Lake Erie road. He had been run over and horribly mutilated by a passing freight train. There was nothing about his person to tell who he was, or where he came from.

Nearly All His Life a Resident.

FRANKLIN, Ind., May 7.—Harvey S. Lyons, one of the highly respected citizens of Greenwood, and a brother of Mrs. Margaret Jennings, of this city, died at his home yesterday. He was seventy-nine years of age, and had been a resident of this county for sixty-seven years.

Earthquake Felt in Pennsylvania.

LANCASTER, Pa., May 7.—A shock, believed to be that of an earthquake, was felt in Terre Hill and other sections of Lancaster county about 4:30 yesterday morning. The ground swayed and houses were shaken. The disturbance lasted but a few seconds.

Only Gas.

ST. PETERSBURG, May 7.—An explosion occurred yesterday near the Nicholas bridge, causing great alarm. It was at first attributed to dynamite, but turned out to be an explosion of gas. No one was hurt and the damage to property was slight.

Ordered Out of Town.

WOOSTER, O., May 7.—"Leave town or take a coat of tar and feathers," was the mandate issued by citizens of Big Prairie to John Hatshall and Mrs. Jessie Winn, whose conduct shocked the morals of the villagers. They went.

Broker Suicides.

NEW YORK, May 7.—Halstead Watrous, a Wall street broker, committed suicide at his residence, 34 East Twenty-second street, last night, by cutting his throat with a razor. No cause for the suicide is known.

Wrecked by a Cyclone.

GETTYSBURG, Pa., May 7.—A cyclone of extreme violence struck this place yesterday afternoon, uprooting trees, and completely unroofing the Central hotel and the residence of H. C. Pickering adjoining.

Bicyclist Hurt.

INDIANAPOLIS, May 7.—Thomas Bell, while coasting at terrific speed on a high bicycle, struck a small boy and was thrown headlong on the asphalt street. Bell's skull was fractured, and he will probably die.

After the Burgomaster.

BRUSSELS, May 7.—An explosion of dynamite occurred at the house of the burgomaster of Alleur, near Liege, yesterday, but little damage.

THE MARKETS.

CINCINNATI TOBACCO MARKET.

[Wednesday.]

The breaks were not large, there being 134 hhds old and 418 of new, making 552 hhds, which was 150 less than corresponding day last week. There was a very fair attendance of buyers, and they were bidding moderately, but very far from actively.

The old trashies and lugs, when they suit manufacturers, are in good demand, and bring comparatively good prices, but when common and medium old leaf is offered the price appears very low, and the demand very slack. No good or choice old is on the market as yet.

All grades of new that are not too much out of condition are in fair demand, and prices are fairly sustained.

Of the 134 hhds (old) 9 sold from \$1 to \$3.95, 8 from \$1 to \$3.35, 80 from \$6 to \$7.75, 4 from \$8 to \$9.10, 1 at \$10.50, 1 at \$13 and 1 at \$15.

Of the 418 hhds (new) 38 sold from \$1 to \$3.95, 141 from \$1 to \$3.95, 137 from \$6 to \$7.00, 48 from \$8 to \$9.80, 20 from \$10 to \$11.75, 38 from \$12 to \$14.75 and 16 from \$15 to \$18.
